OF
CIVIL DEPARTMENT**

**On
3rd FEBRUARY '2016
At
Dr. Jivraj Mehta Institute of Technology,
Anand.**

About Civil Department:-

The Dr.Jivraj Mehta Institute of Technology, Anand (DJMIT) established the Department of Civil Engineering in 2010. The Department of Civil Engineering offers undergraduate 'Bachelor of Engineering' degree that covers the entire spectrum of civil engineering. It is a four year degree course affiliated to Gujarat Technological University of Ahmadabad, Gujarat with a total intake of 60 students.

Inaugural Ceremony:

An Expert Lecture was inaugurated on 3rd February 2016 at 10:00A.M. Dignitaries, delegates & invites were present during the inauguration of Expert Lecture. The inaugural ceremony was organized at Ramanujan Hall in DJMIT-Campus. Inauguration ceremony started with the welcome speech of Prof. Hiren Talati by all dignitaries present during ceremony. All the dignitaries were welcomed with bouquet and memento.

The Principal Dr. Archana Nanoty has welcome Honorable chairman Shri Narendra Shrimali Sir by floral bouquet and HOD Civil Prof. Rakesh J. Hingu sir has welcome Mr. Hitesh Vora by floral bouquet.

An expert lecture arranged for students of civil department, DJMIT. Total 185 nos. of students has attended this session. Mr. Hitesh Vora Sir has introduced the Speaker of the session. Hitesh Vora is presently Managing Director at Vyom Consultancy at Vadodra. He has done his M.E. in Structure Engineering at B.V.M in 2010. The theme of lecture was "A CASE STUDY ON ETC (CULCATTI)" which was delivered by Mr. Hitesh Vora Sir.

Expert Lecture Details:

The session started by the expert regarding scope & opportunity of civil engineering. He has discussed the scope of civil engineer in Education field, Government private job sector, as developer, contractor, consultant & marketing. He has also discussed new emerging field for civil engineer like Structure Engineering, Pre fabrication engineering, & technical updates used in the field. He has given some valuable tips to the students for their improvement like,

- I. Technical & fundamental knowledge
- II. Think in multi Storied Building
- III. Learn & used maximum advancement in software & technologies Like STADD PRO.
- IV. Always be ready for field work

He has also discussed some important aspect of civil field like how to arrange Site handling, Analysis and Design. Then he has started the overview of how to

Work as a Structure Engineer in field. He has also discussed about R.C.C & STEEL Structures. He has also discussed about the Case study as going on Calcutta.

The session end with the discussion & query solution of students about the recent scope in civil jobs, scope in Structure Engineer.

After completion of Expert Lecture, Girls of 2nd semester of civil Department, DJMIT performed their song tremendously well on the Republic day a few days back. So to encourage them on behalf of Civil Engineering Department and DJMIT management a small gift to them by our Honorable chairman Shri Narendra Shrimali Sir, Principal Dr. Archana Nanoty Madam and Expert of the session Mr. Hitesh Vora Sir.

Floral welcome by Principal Dr. Archana Nanoty of Honorable Chairman Shri Narendra Shrimali

Floral welcome by HOD Civil Prof. Rakesh J. Hingu of Expert Mr. Hitesh Vora

welcome speech of Prof. Hiren Talati

Faculties and students attending the lecture

Expert lecture delivered by Mr. Hitesh Vora

Question answer session with students

Memento by Honorable Chairman Shri Narendra Shrimali of Expert Mr. Hitesh Vora

Memento by Honorable Chairman Shri Narendra Shrimali of civil 2nd sem girls

Acknowledgment:

From Civil Department would like to thanks our Honorable Chairman Shri. Narendra Shrimali Sir, Trustees and Director for providing us a platform to organize such technical Lecture, would like to thank our Respected Prof. Dr. Archana S. Nanoty Madam, Principal-DJMIT, for always supporting us and guiding us throughout the session.
