

As per curriculum of GTU each PG students have to carry out dissertation project in 2<sup>nd</sup> year of course.

Dissertation reviews are a valuable way for students to improve their performance and skills.

Project Performance Review focuses on evaluating projects efficiently and identifying important improvement opportunities.

There are four reviews of dissertation work: Internal Review-1, Dissertation phase-1, Internal review-2 and Dissertation phase-2. Out of which Internal Review-1 and Internal review-2 are carried out at institute and Dissertation phase-1 and Dissertation phase-2 are carried out at University.

Internal Review-1 for ME sem-3 students was arranged on 25<sup>th</sup> November 2019 at Mechanical Engineering department, DJMIT. All PG faculties and Principal, DJMIT were present during this review and give their valuable suggestion to students for improving their project.

Similarly Internal Review-2 for ME sem-4 students was arranged on 16<sup>th</sup> March 2020 at Mechanical Engineering department, DJMIT.
