IIRS-ISRO, Department of space, Government of India

IIRS Outreach Programme:

The use of Remote Sensing, Geographical Information System, Global Navigation Satellite System and associated geospatial technologies is increasing rapidly, creating an urgent demand for trained manpower. The live and interactive mode of distance learning is enabled through Internet and A-view software platform developed by Amrita e-learning Lab in collaboration with Ministry of Human Resource Development (MHRD) Government of India.

The programs are available through Internet without any cost to the user. The live and interactive sessions will be conducted by experts from IISR-ISRO and other knowledge Institutions. IIRS has successfully conducted 22 such courses so far with participation of over 120258+ participants from 1048+ academic institutions, government departments and industry. The beneficiaries of the programme may include:

- Central/State/Private Universities & Academic Institutions;
- Central & State Government Organizations/Departments;
- Research Institutes;
- Geospatial Industry;
- NGOs

As Djmit has official registered in **IIRS-ISRO, Department of space, Government of India, maximum number of students of DJMIT can get advantage of courses free of cost offered by IIRS-ISRO outreach programme.**

Presently, 24 Nos of students from Civil department, DJMIT have already registered free of cost and getting advantage of this course.
