DR. JIVRAJ MEHTA INSTITUTE OF TECHNOLOGY
TREE PLANTATION EVENT
ON 14th July 2021

**PLANT A SAPLING AND A GOOD THOUGHT,
IT TAKES TIME TO RIPE BUT
SURELY HELPS TO SAVE THE WORLD**

"FEEL FREE TO PLANT A TREE"

INTRODUCTION:

Trees are an essential and indisputable part of our life. They perform a variety of functions, such as provide us with oxygen, food, wood, and many more. They are a vital part of our environment and are essential to maintain the balance in the ecology.

Tree plantation is refers to the planting of saplings/ seedlings to increase the forest cover and to ensure sustenance of our ecosystem. Generally it is done in planned manner.

BENEFITS OF TREE PLANTATION:

Since ages, India has respected the nature and trees. Vanaspati Shastra, Ayurved, etc all survive only when the trees are available in abundance. India always celebrates Van Mahotsav in respect of this generally throughout the first week of July (considering the Monsoon season). Tree plantation depends on the topology, geography and climate of the region.

Benefits of trees are known since thousands of years in India.

- Students learn and think indirectly about environmental conservation, soil conservation, water conservation

- propagate the message that planting the trees helps to maintain clear eco-friendly environment reduces pollution and improves the green ambience and keeps the campus clean and green
- Purifies air, provides pure oxygen, maintain good air quality, reduces air pollution. increases greenery, has high medicinal value
- eco-friendly and has anti-desertification properties
- good carbon dioxide sink, source of environment-friendly biopesticides.
- Cake, oil, saw dust, briquetting, etc are additional benefits even after tree is cut down.

ABOUT THE EVENT:

Gujarat Technological University initiated the activity with support of all affiliated colleges to plant trees for pollution free earth as well as to launch the "Go Green" campaign. To support the campaign and to avert deforestation at our level, DJMIT organized One Day Tree Plantation Event on 14th July 2021.

Event Highlight

Date: 14th July 2021

Time: 10 am onwards

Venue: In and around DJMIT Campus

Event Coordinator

Prof. Avdhoot Jejurkar

Asst. Prof., Mechanical Engineering

Department, DJMIT

Objective

The objective of this programme is to promote Go Green campaign, protect and preserve the environment and monitor environment in the

- The target number of saplings around 150 to be planted inside the campus.
- To bring awareness about the event amongst the young generation.
- To maintain greenery inside the campus

In India we try to respect the nature, tradition, culture and heritage. The importance of Trees for the fitness of earth and sustenance of living beings is known to all especially in the challenging times of global warming and climate change scenario. The motive of this event is to take care of our Mother Earth and indirectly help the mankind.

The outline to support the event includes planting the saplings of

1. Kesar Mango : 30 nos.
2. Mahogany : 15 nos.
3. Sadad : 15 nos.
4. Garmala : 10 nos.
5. In future there is plan to plant saplings of 75 Saragava tree.

GLIMPSES OF THE EVENT:

Trees were planted at DJMIT Ground, near parking area as well as near the compound wall.

Dignitaries, Principal, Heads, Faculties, Staff, students and Volunteers were present during the event. Event Coordinators and Committee members helped all participants with the necessary arrangements along with the support staff.

In order to support restoration the eco-balance of afforestation drive was conducted with sincerity by all present there.

Event Outcome

- Participants were highly energetic and enthusiastic to make the event a big success. The tree plantation was over with big smile on everyone's face.
- Coordination and teamwork were the outcome.
- Environmental conservation awareness was spread.
- The students as well as staff planted saplings in the ground and then watered the plant for sustenance.
- Increased sense of responsibility, importance of tree plantation and moral duty to plant trees.
- shared ideas for protecting trees after plantation

At the end of the programme, tea and snacks were served.

Thanks to the DJMIT Sports-Cultural-Technical Committee members and also the Admin and support staff to make this event successful.
